SAP Technology Consultant Hands-on Project

Becoming an SAP Professional

Mar 9, 2025

BHANUVARDHAN MEDAPALLI

has successfully completed the online, non-credit Professional Certificate

SAP Technology Consultant

Congratulations! You have successfully completed this program and you are now ready to launch your career as an SAP Technology Consultant with SAP or one of SAP's partners. You have learned about project management methodologies and have gained consulting skills such as requirements gathering, stakeholder interviewing, client communication, client analysis, and solution design. You have applied these skills to a comprehensive case-study and have evidence to support your applications for your new role.

Martin Gollogly
Vice President
SAP University Alliances Programs, Learning Design and Partnerships

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
